如何在敞开的公共或办公空间内保留独立私密的空间，是值得我们去思考和解决的。而这款 phonebox 的诞生就很好的解决了这个需求。体块化的造型，易于融入各种的空间形态。搭配外框的 不同材质和色彩选择使得这个小盒子如同拥有魔力的方块，成为空间内风景。而其内部的各种功能配置，如升降桌板，智能触控及座椅的选配，为这个盒子注入了良好的使用体验。

How to keep the independent and private space in the open public or office space is worth thinking about and solving. And the birth of phonebox is a good solution to this need. The different materials and color choices that match the outer frame make this small box like a magic square, which becomes the landscape of the space. And its various internal function configurations, such as ascending and descending table, intelligent touch control and seat selection, inject a good use experience for this box.
